Bead Legend

Centerline Post Earrings
cod. CA20552

Gemduo Beads
cod. GB22522

Gemduo Beads
cod. GB22523

Mini Gemduo Beads
cod. GB23648

Miyuki Delica Beads 11/0
cod. DB0010 Black

Miyuki Delica Beads 11/0
cod. DB0042 Gold

In addition to the above materials we have to use also:

- Miyuki Needle code TS12958;
- Nylon Miyuki thread 0,25 Dark Blue code: SM23136;
- Scissors.

Recommended: Beading mat, Cord Zap.

Level: Beginner – Tecnique; Bead Weaving

Earring Length : 3 cm (1,18 inches) – widht 1,5 cm (0,59 inches).

Step 1 Fig. 1:

Inserting the thread as in the illustration, (leaving 20 cm thread tail - 7,87 inches), exit from the Centerline Hole, add n. 3 Miyuki Delica 11/0 beads code DB0010 (black), and come out the Centerline Hole as in the illustration, from the inside out;

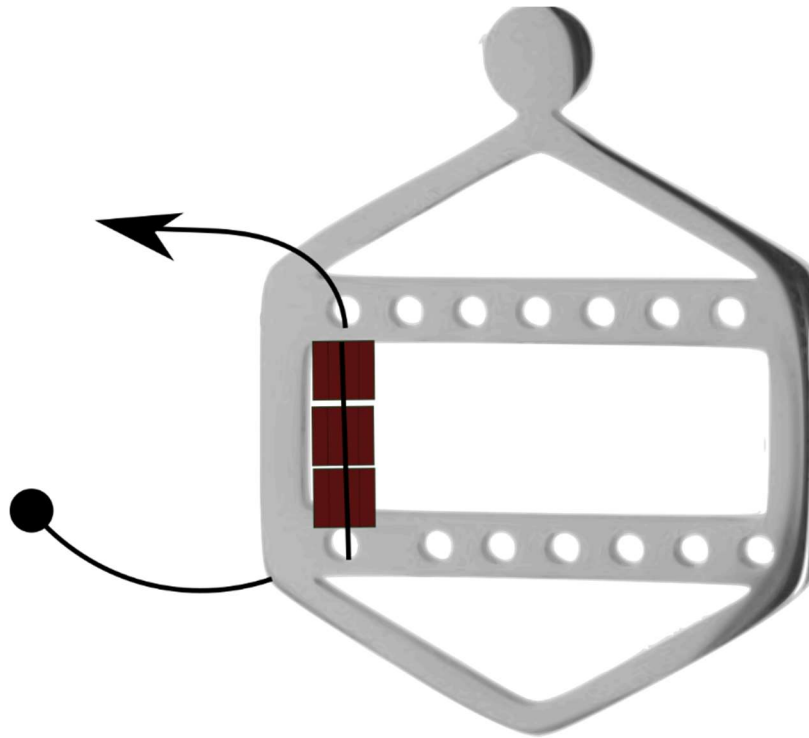

Fig. 1

Step 2 Fig. 2:

Pass through all the beads, pass through the lower Centerline Hole as in the illustration, and pass through all the beads again, as shown by the dotted red thread;

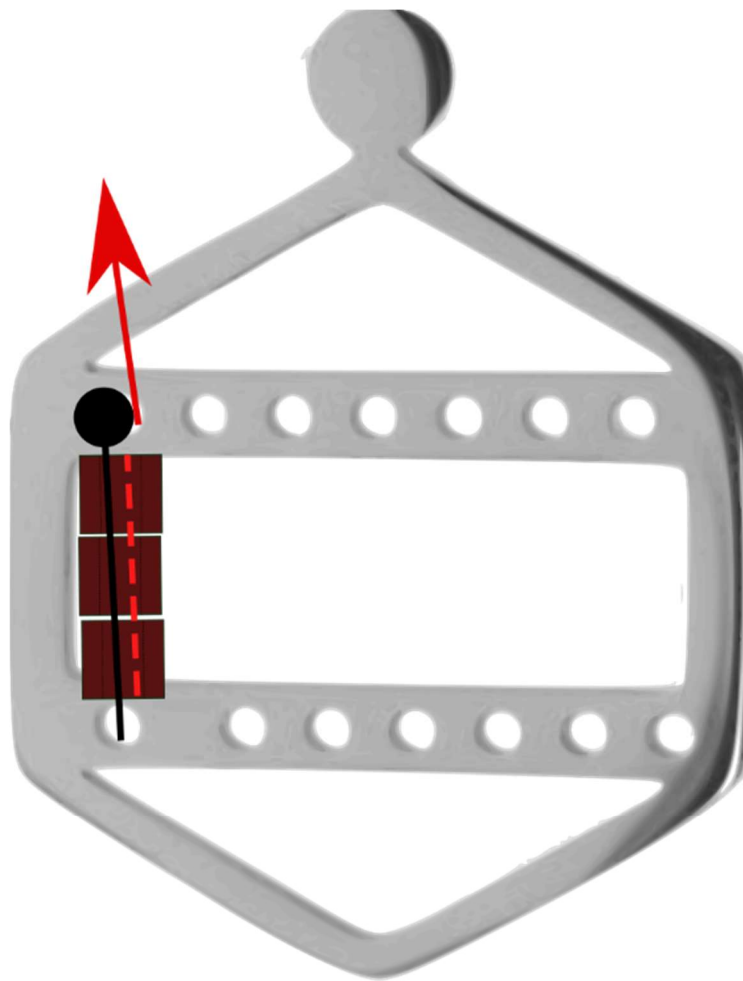

Fig. 2

Step 3 Fig. 3:

Pass through the beads again, and enter in the Hole as in the illustration, to move on the next Hole;

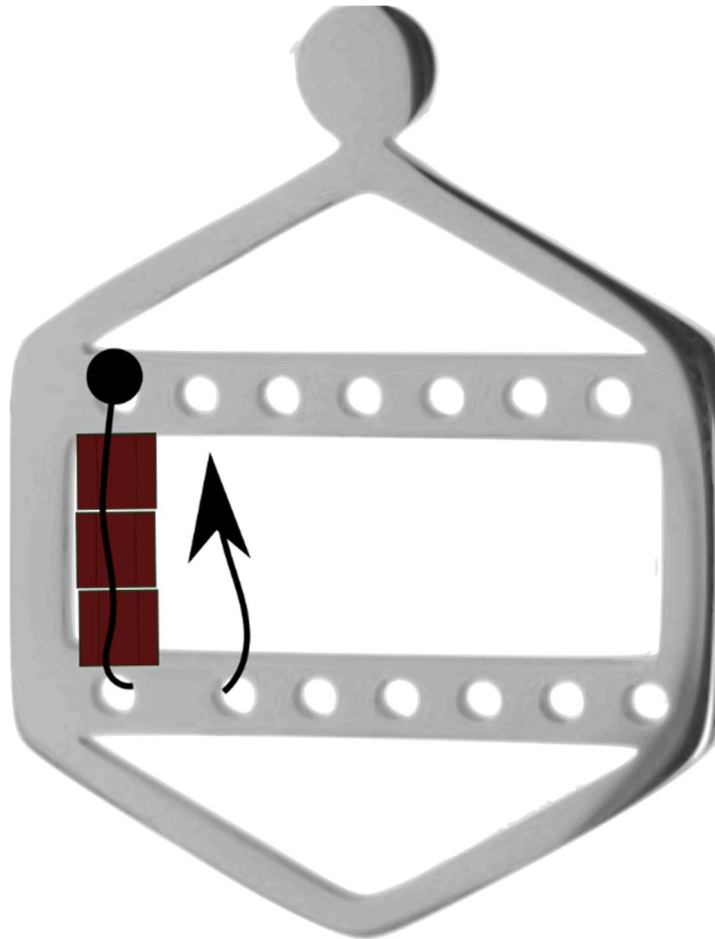

Fig. 3

Step 4 Fig. 4:

Repeat Steps 1, 2, 3 for six times as in the illustration;

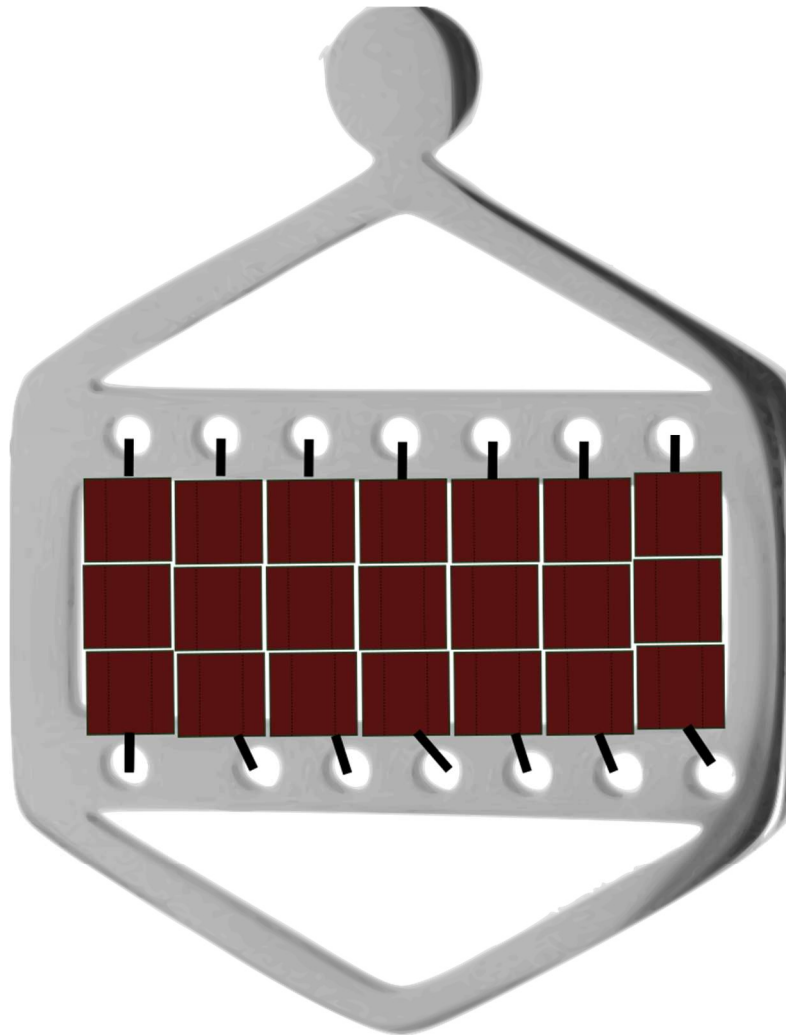

Fig. 4

Step 5 Fig. 5:

Starting from the Dot as in the Illustration, add n. 4 Miyuki Delica 11/0 black, n. 1 Mini Gemduo as in the Illustration, n. 4 Miyuki Delica 11/0 black, exit from the lateral Hole of the Centerline earring, pass through the lower Hole (dotted thread), exit from the Hole, add n. 4 Miyuki Delica 11/0 black, enter in the lower Hole of the Mini Gemduo, add n. 4 Miyuki Delica 11/0 black, pass through the Centerline Hole, pass through the upper Hole (dotted thread) and hide the thread in the work. Hide also the thread tail we have left in the Step n. 1.

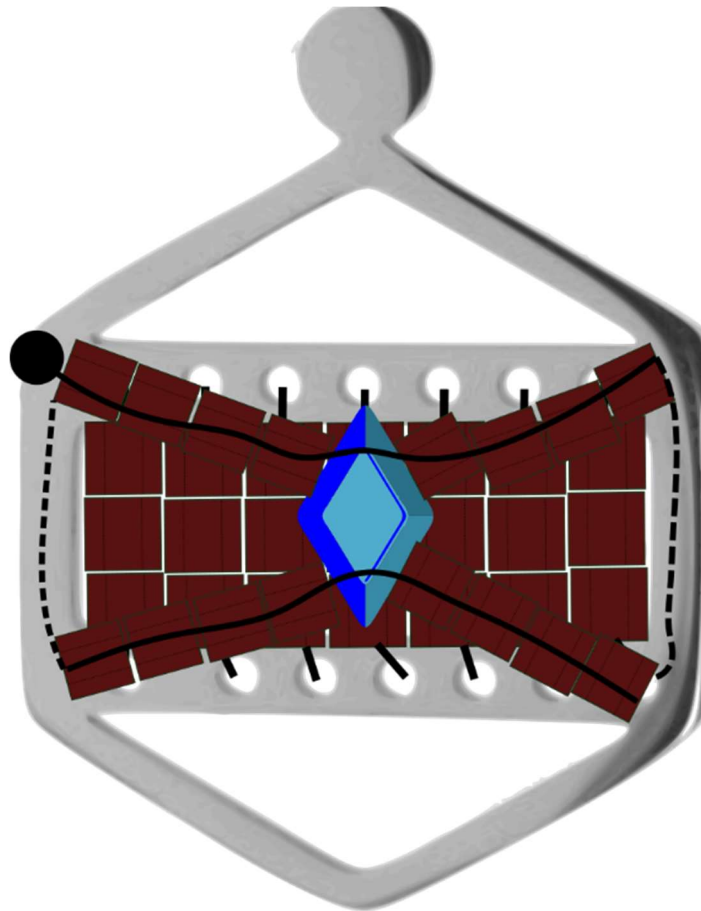

Fig. 5

Step 6 Fig. 6:

Make a little Gemduo module as follow:

Enter in the first hole of one Mini Gemduo, in the second hole of one Mini Gemduo, in the first hole of one Silver Gemduo, in the second hole of one Turquoise Gemduo, in the first hole of one MiniGemduo, pass through the second hole of the last one, add one Turquoise Gemduo, pass through the second hole of the Silver Gemduo, add one Mini Gemduo, pass through the second hole of the Mini Gemduo;

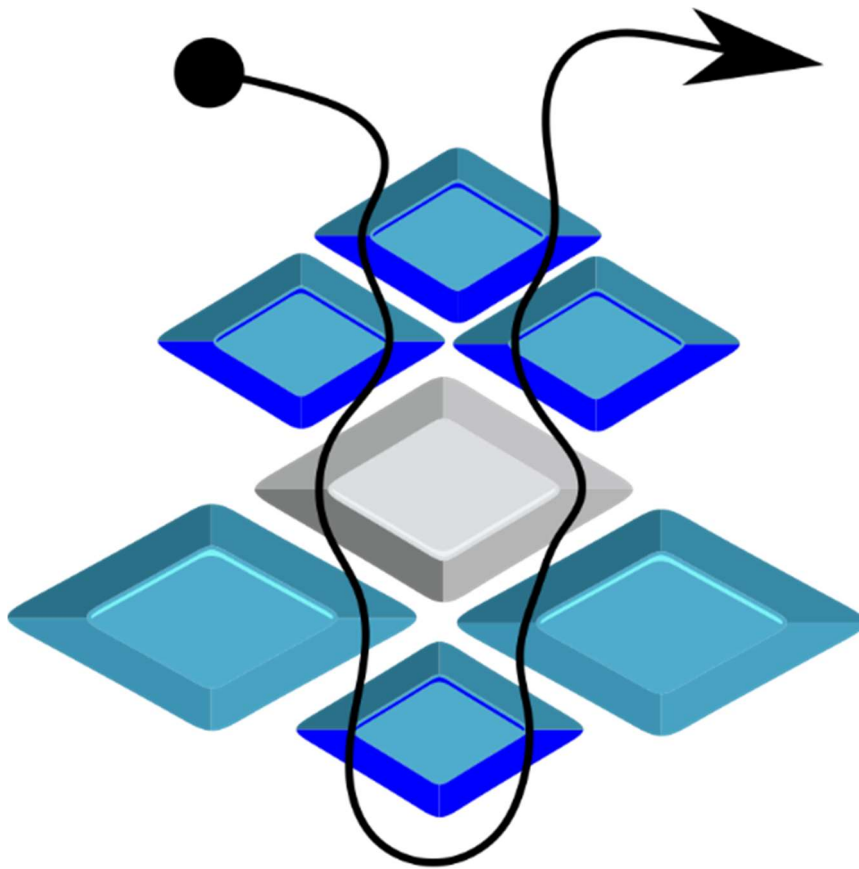

Fig. 6

Step 7 Fig. 7:

Now we have to connect the little module we have just made with Gemduo beads (in the step n. 6), to the earring. Exiting from the Mini Gemduo as in the illustration, add n. 1 Miyuki Delica 11/0 Gold, pass through all the Beads as in the illustration, exit from the lower Mini Gemduo, add one Miyuki Delica 11/0 Gold, one Miyuki Delica 11/0 black, una Miyuki Delica 11/0 Gold, pass through all the beads as in the illustration and exit as shown;

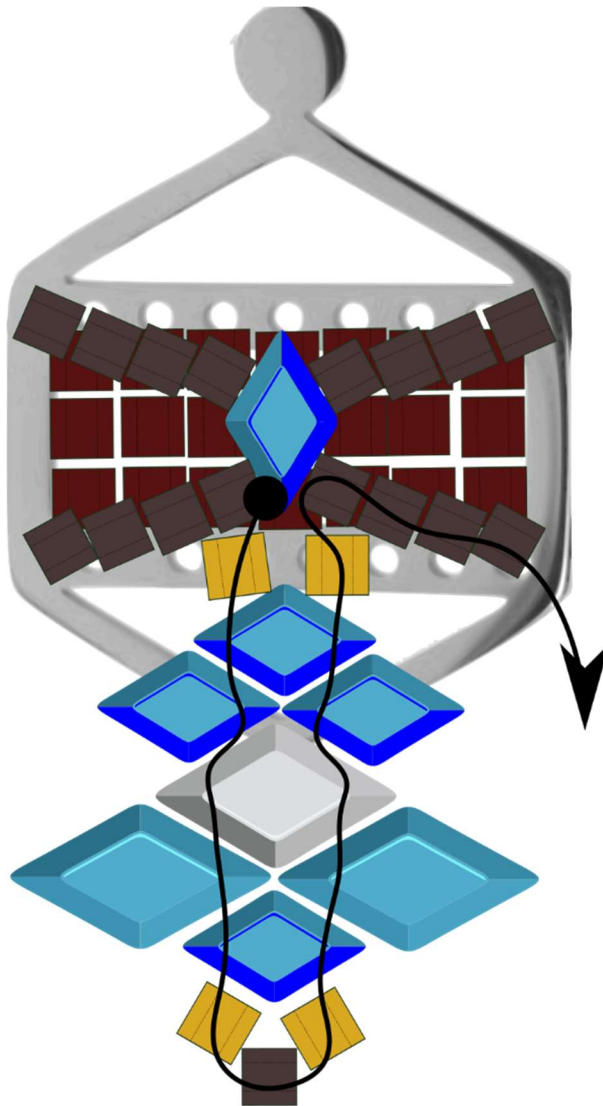

Fig. 7

Step 8 Fig. 8:

Exiting from the bead as in the illustration, add one Miyuki delica 11/0 Gold, one Miyuki delica 11/0 black, pass through the Mini Gemduo as in the illustration, add one Miyuki delica 11/0 Gold, one Miyuki delica 11/0 black and pass through the Turquoise Gemduo as in the illustration, add one Miyuki delica 11/0 Gold, one Miyuki delica 11/0 black, one Miyuki delica 11/0 Gold, pass through all the beads as in the illustration and exiting from the Turquoise Gemduo, add one Miyuki delica 11/0 Gold, one Miyuki delica 11/0 black, one Miyuki delica 11/0 gold, pass through the Turquoise Gemduo, add one Miyuki delica 11/0 black, one Miyuki delica 11/0 Gold, pass through the Mini Gemduo as in the illustration, add one Miyuki delica 11/0 black, one Miyuki delica 11/0 Gold and pass through all the beads as in the illustration. Pass through the beads to strenghten the beadwork.

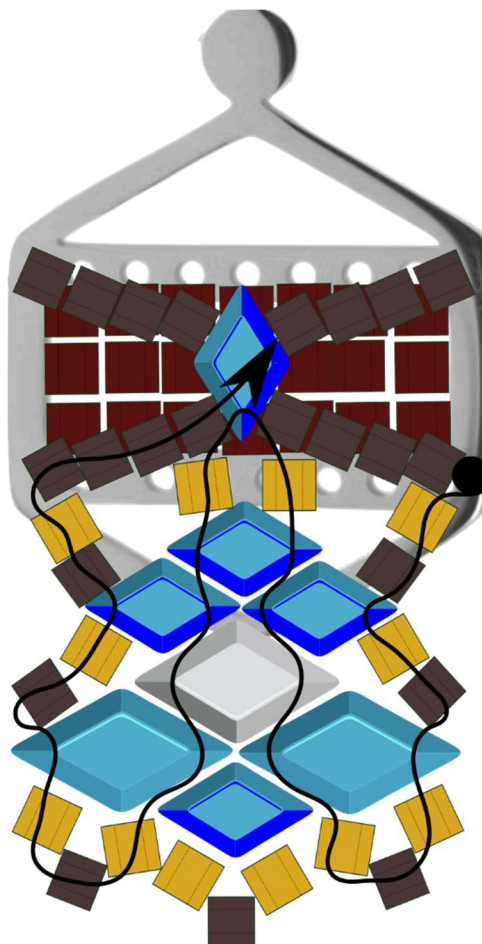

Fig. 8

Make the second earring.
GRAZIE. THANK YOU!
